

I have designed this sequence to test every requirement of the project. Follow this order:

Phase 1: Foundation (Turns 1–10)

Focus: Identity and Basic Preferences.

1. Hi! I'm Arindam Das.
2. I live in West Bengal.
3. I'm a software engineer.
4. I'm currently working at Google.
5. I love eating rice and dal.
6. My favorite hobby is photography.
7. I have a pet dog named Leo.
8. I really dislike rainy weather.
9. My birthday is in October.
10. I want to learn to play the guitar.

Phase 2: Deep Context & Plans (Turns 11–25)

Focus: Future goals and episodic details.

11. I'm planning a trip to Dubai in December 2026.
12. I want to visit the Burj Khalifa while I'm there.
13. Work has been stressful lately because of a deadline.
14. My manager at Google is actually quite supportive though.
15. I'm thinking of moving to a new apartment in Kolkata.
16. I saw a beautiful sunset yesterday and took a photo.
17. Do you remember my dog's name? (Recall Test 1)
18. I'm learning a new language, Japanese.
19. My favorite color is deep blue.
20. I prefer tea over coffee in the mornings.
21. (Ask a general question: What's the tallest mountain?)
22. (Ask: What's the capital of Japan?)
23. I'm feeling a bit better about that work deadline today.
24. I bought a new lens for my camera.
25. I tried a new recipe for dal today with extra spices.

Phase 3: The Update/Conflict Phase (Turns 26–40)

Focus: Superseding old facts (The Google vs. Tesla and Dubai vs. Japan test).

26. I have big news! I resigned from Google today.
27. I'm starting a new job at Tesla as a Senior AI Engineer.
28. Because of the new job, I had to cancel my Dubai trip.
29. I've decided to go to Japan instead in 2027.
30. I've also developed a taste for coffee; I think I like it more than tea now.
31. Leo (my dog) really likes his new chew toy.
32. I started my first day at Tesla today; it's very different from Google.

- 33. I'm practicing the guitar for 30 minutes every evening now.
- 34. My new office at Tesla has a great view.
- 35. (General question: How far is the moon?)
- 36. I found a great Japanese language tutor.
- 37. I'm thinking of selling my old camera lens.
- 38. I'm still living in West Bengal for now.
- 39. It's raining today, and I still don't like it.
- 40. I want to buy a red Tesla car eventually.

Phase 4: Long-Range Recall & Consistency (Turns 41–50+)

Focus: Checking if the bot "flattens" or "contradicts."

- 41. What was my first job I told you about? (Check if it knows it's Google)
- 42. **Crucial:** Where do I work *now*? (Check if it says Tesla)
- 43. Am I still going to Dubai? (Check Update logic)
- 44. What instrument am I learning?
- 45. What do I usually drink in the morning now? (Check Preference update)
- 46. Where is my dog?
- 47. Do you remember what I thought about the rain?
- 48. What are my travel plans for 2027?
- 49. What city was I thinking of moving to?
- 50. Based on everything we've talked about, what kind of person do you think I am?
- 51. I completed my Masters from Jadavpur University.
